

1. fold one head piece in half and sew dart.

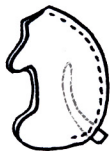

2. fold ears in half, and pin in place to one of the head pieces.

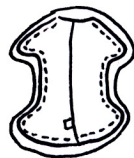

3. pin the two head pieces together and sew around leaving a hole. turn the head inside out and stuff.

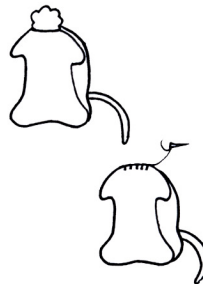

4. sew up the hole, and sew the eyes and nose.

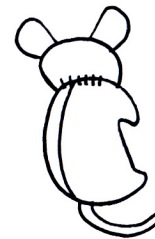

5. pin the 2 back pieces together and the tail between as pictured and sew from mark to mark as indicated on pattern.

6. lay open the back and pin in place against the front body piece. the front body piece will be larger than the back body, and after it is sewn as shown, trim the excess fabric.

7. turn the body inside out, and then stuff. then sew up the top.

8. then attach the head to the body.
